WALL DESIGNS IV

exclusive panoramics

An eye-catching, floor-to-ceiling artwork in your interior – it's almost like the artist used your wall as their own canvas. **The handmade element is what makes each panoramic wallpaper design in this collection unique.** You can feel the creator's vision and dynamic in every brushstroke, see where the colours converge, appreciate the artist's hand. It gives the design a life of its own, a soul. Each of these murals is printed on **environmentally friendly, high-quality wallpaper** with a linen pattern in relief. That structure gives the wallpaper even more of the dimensionality you'd find in on a painted canvas. Wall Designs IV offers a multifaceted collection of beautiful artwork to suit a wide range of tastes and styles: abstract or realist, colourful or tone-on-tone, fun or basic, the list goes on. So come take a stroll through our gallery.

The value for the latest colours can be higher, that of the lighter shades is somewhat lower. La valeur pour les couleurs sombres peut  tre sup rieure, celle des teintes plus claires un peu plus faible. De Waarde for donkere Farben kunnen hoger sein, die for lichter kleuren lager. El valor de los colores m s oscuros puede ser m s alto, el de los colores m s claros es algo m s bajo. De waarde voor de dondere kleuren kan hoger liggen, die van de lichtere tenen iets lager.

opacity / opacit  / opazit t / opacidad / opaciteit

Non-woven wallcovering is a natural product, which makes it possible for colour differences to occur. This and light-colored coated wallcoverings are more sensitive to these differences and require a thorough preparation of the foundation. Preferably, it should be a light uniform colour, or a plain covered wallcovering can be placed on a base. Plain, glossy wallcovering also requires extra care when treating the foundation, as unevenness can also be visible here. / Le rev tement mural intiss  est un produit naturel, entra nant d'eventuelles diff rences de couleur. Le papier peint intiss  fin et clair y est plus sensible et demande une pr paration approfondie de la base. Celles-ci aura de pr f rence une couleur claire uniforme ou un papier peint intiss  lisse peut  tre plac  comme base. Le papier peint lisse et brillant demande aussi une attention suppl mentaire lors du traitement de la base, des irr gularit s peuvent  tre aussi  tre visibles. / Vlieswandbekleidung ist ein Naturprodukt, bei dem sich Farbunterschiede ergeben k nnen. Claren und hellen Vliestapeten requiren daher empfindlicher und brauchen eine gr ndliche Untergrundvorbereitung. Diesen Vorbereitung erreicht man am besten mit einer gleichm ssigen hellen Farbe oder mit einer Vliestapete als Grundlage. Auch bei erhellenden Tapeten mit Glanz ist bei der Behandlung des Untergrunds vorzichtig vorzugehen, weil Unebenheiten gut sichtbar sein k nnen. / El revestimiento de pared recubierta es un producto natural, por lo que es posible que haya diferencias de color. Una preparaci n conienzuda de la base es muy importante a la hora de colocar un papel recubierta fino o de color claro. Preferentemente tendr  un color uniforme claro, o bien puede utilizarse como base un papel recubierta fino liso. Los papeles pintados lisos o brillantes tambi n requieren una atenci n especial en el tratamiento de la base, ya que en estos casos tambi n puede resultar visible cualquier irregularidad. / Vlieswandbekleidung ist ein Naturprodukt, was macht das keine Unebenheiten m glich sind. Das ein lichtgekennzeichnet Vliesbehang ist hier genueglicher vor ein vrsagt ein gr ndliche vorbereitung van de ondergrond. Deze licht bij voorkeur een uniform lichte kleur, of het kan effen vliestapet als basis geplaatst worden. Ook glanzend, effen behang vraagt extra aandacht bij de behandeling van de ondergrond, onregelmaten kunnen ook hier zichtbaar zijn.

TOPWALL, recommended glue

Masureel recommends **TOPWALL PROKOLL** - our high-quality, universal and ready-to-use non-woven wallcovering glue.

Masureel raadt **TOPWALL PROKOLL** aan - onze kwalitatieve, universele en gebruiksklare vliestapetlijm.

Masureel recommande **TOPWALL PROKOLL** - notre colle de haute qualit  pour papier peint intiss , universelle et pr te   l'emploi.

PVC-free

eco-friendly manufacturing processes

good quality = more sustainable

Environmental Statement - Green innovation and being committed to the environment is an important value for Masureel. We strive for minimal impact in our production facilities as well as for the materials we produce. In our search for sustainable solutions, we became market leader in non-woven, (textile) wallcoverings. All our print pastes are water-based and do not harm the environment or people's health. **All our nonwoven wallcoverings are free of PVC and formaldehyde.** We purify the wastewater from our manufacturing processes and partly re-use it. Our remaining wastewater is of higher quality than local environmental standards demand. We manufacture all our products locally, in our own factory in Belgium. This significantly reduces our carbon emissions. Masureel is always on the lookout for innovative processes and technologies that reduce our environmental impact.

Milieuverklaring - Groene innovatie en toewijding aan het milieu is een belangrijke waarde voor Masureel. We streven ernaar een minimale impact te genereren in zowel onze productiefaciliteiten als de materialen die we produceren. In onze zoektocht naar duurzame oplossingen, werden we marktleider in non-woven (textiel)behang. Al onze drukpasta's zijn op waterbasis, wij gebruiken geen oplosmiddelen die schadelijk zijn voor het milieu of de gezondheid. **Al ons non-woven behang is 100% vrij van PVC en formaldehyde.** We zuiveren het afvalwater van onze productie en hergebruiken het zoveel mogelijk. De rest is van hogere kwaliteit dan de lokale milieustandaarden vereisen. Wij maken al onze producten lokaal, in onze eigen fabriek in België. Dit vermindert onze CO2-uitstoot aanzienlijk. Masureel blijft steeds op zoek naar innovatieve processen en technologie n die onze milieu-impact verminderen.

D claration Environnementale - L'innovation verte et l'engagement pour l'environnement sont des valeurs importantes pour Masureel. Nous cherchons   minimiser l'impact environnemental de nos installations de production et des mat riaux que nous produisons. Dans notre qu te de solutions durables, nous sommes devenus leader du march  des rev tements muraux (textiles) intiss s. Toutes nos p tes d'impression sont   base d'eau et ne nuisent ni   l'environnement ni   la sant  publique. **Tous nos rev tements muraux intiss s ne contiennent pas de PVC et de formald hyde.** Nous  purons les eaux us es issues de nos processus de fabrication et les r affectons en partie. Les eaux us es restantes sont d'une qualit  sup rieure   celle exig e par les normes environnementales locales. Nous fabriquons tous nos produits localement, dans notre propre usine en Belgique, permettant de r duire sensiblement nos  missions de carbone. Masureel est toujours   l'aff t de processus et de technologies innovants permettant de r duire notre empreinte  cologique.

Umweltek rung - Gr ne Innovation und Engagement f r die Umwelt ist ein wichtiger Wert f r Masureel. Wir streben nach minimalen Umwelt-auswirkungen unserer Produktionsanlagen und der von uns hergestellten Materialien. Auf der Suche nach nachhaltigen L sungen wurden wir im Bereich, (textile) Wandbel ge aus Vliesstoff zum Marktf hrer. Alle verwendeten Druckpasten sind auf Wasserbasis und sind weder umwelt- noch gesundheitssch dlich. **All unsere Vliestapeten sind frei von PVC und Formaldehyd.** Abw sser aus unseren Produktionsprozessen werden gereinigt und teilweise wiederverwendet. Das verbleibende Abwasser ist von h herer Qualit t, als es die lokalen Umweltstandards verlangen. S mtliche Produkte werden vor Ort in unserer eigenen Produktionsst tte in Belgien hergestellt. Dadurch werden unsere CO2-Emissionen erheblich reduziert. Masureel ist immer auf der Suche nach innovativen Verfahren und Technologien, die unsere Umweltbelastung verringern.
